Dear Mr. Daniels:

Enclosed is the Annual Operations and Progress Report (Form MR-3) for the above mentioned locations. The surface facilities have not been changed since reported last year, so I believe that no plan map update is necessary. Also, as noted on form MR-3, no reclamation work has been required so far.

Should you have any further needs or require additional information, feel free to contact myself at 789-1921, ext. 42.

Very truly yours,

Richard E. Carlbert
Asst. Mine Engineer
